

Steadicam Operator | Camera Operator | Ronin 4D Operator

I'm a Bristol & Cardiff based operator. I mainly work in commercial & music productions, as well as sports, film & TV and documentaries. I have over 10 years experience in the industry, many of these were spent as a camera assistant. I enjoy collaborating with directors and DOPs to create shots and camera moves that feel natural and intentional. When I'm not at work, I love being outdoors, and can usually be found rock climbing or hiking.
